

Children's Flag Design Competition

The colourful flags above the Usher Gallery were designed by local artist Louisa Chambers.

If you are 5 to 16 then you can enter our art competition and have a chance to win a valuable prize of artist's materials and see a professionally created version of your own flag flying on our roof.

Use Louisa's outline over the page and colour or decorate it in your own style, then complete your details below and hand in your entry at the Reception Desk. The competition runs until the end of winter half term, and winners will be chosen by the artist, during the first week of November 2017.

Please use pencil, as this will not show through on your design over the page!
