**My Poem**

Sometimes we think a lot  
Even while writing this poem  
We know what we want to say  
But the problem is we don't know how to say it  
We could stop trying and just give up

**Title** *Time goes by*

As I slowly grow old I often stop and think: when I'm gone, who'll remember me. As seasons change, memories do too and I can't help but to wonder: will you

The opening of a flower,  
 the sun in the sky.  
 Happiness to come and in days gone by.  
 a drop of rain,  
 the thunderous falls,  
 Sadness comes to one and all.  
 Neither right, Neither wrong -  
 together make poetry and Song.

A Slumber did my spirit seal  
 I had no human fears  
 She seemed a thing that could not feel  
 The touch of Earthly Years.  
 No Motion has she now, no force  
 neither hears nor sees,  
 Round in Earths  
 urse with  
 Stones

black; when I grow I black; when I go in sun I black  
I black; when I sick, I black;  
still black; I black;  
fellow;

When you born, you pink;  
When you grow up, you white;  
When you go in sun, you red;  
When you cold, you blue  
When you scared, you yellow  
When you sick, you green  
When you die, you grey;  
You call me

"you"

I, me, myself but who are you?  
I am the wind maybe or a reflection  
of your thought.  
Or maybe you are a part of I, me, myself.
